### Books (in Spanish)

## What can he offer you?

Pablo provokes in the audience a change of paradigm by offering new and innovating alternatives so as to make workers more productive in the era of knowledge crumbling down the impact of the knowledge revolution in management, business, companies and society. In every sense, Pablo´s discourse is not theoretical but practical, his tips are useful and can be immediately put in action.

## How he introduces himself

Pablo L. Belly invites and challenges the audience with a provoking, enjoyable, transgressor, defiant style ever shown by a speaker before. According to the opinion of every attendant to his presentations: “there is a before and after in his presentations”.
